# FT-1RU3AP
1U 19" Patch Panel
# for 3 F-Type
Adapter Plates

FIBERTRONICS

This rack mounted fiber patch panel accommodates 3 modular panels and is equipped with routing guides to limit bend radius.

The 16-gauge steel with corrosion-resistant black powder finish coat housing provides excellent protection for the inside fibers. The patch panel features a pull-out design for easy access to fibers and fiber slice trays. It is designed to hold up to 3 fiber optic splice trays within the 1U patch panel.

Features & Specifications

- F-Type Compatible
- 19" Standard Size, Light Weight and Robust Structure
- Accommodates up to 8 panels
- Euipped with routing guides to limit bend radius and enhance strain-relief control
