

# SC Simplex Adapters

FIBERTRONICS 

**SC Simplex Adapters fit the most common fiber optic footprint, and are perfect for a majority of wall-mounts and patch panels.**

Our SC Simplex Adapters fit standard SC cutouts for patch panels, cassettes, adapter plates, wall-mounts and more. These adapters are the standard for the telecom industry, and work with applications such as pigtails, splitters, and PLCs

## Features & Specifications

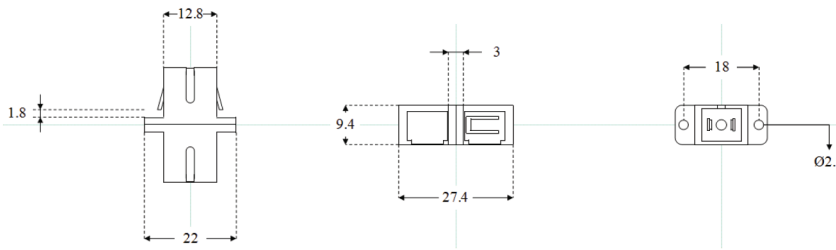

- Available with or without flange
- Operating temperature: -40°C to 75°C
- Lightweight and durable plastic body
- Intergrated mounting clip allows for easy snap-in installation
- Ceramic alignment sleeve for precision mating
- Color coded for rapid fiber mode identification, reduction of errors and mode mismatch.
- Reduced signal loss
- Adapters ship with standard plug-style dust caps

# Standard SC Simplex Adapters

At Fibertronics we offer two variations of SC Simplex Adapters, **Full Flange** and **Reduced Flange**. Full Flange adapters offer additional stability by screw-mounting, whereas the Reduced Flange adapters allow for a smaller footprint within adapter plates.

## SC Simplex Full Flange

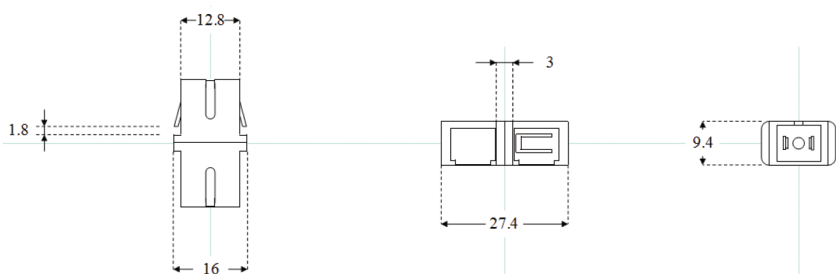

All measurements are in millimeters unless otherwise stated
