

# WTB-FWM-6102 2 LGX, Wall Mount Patch Panel with Single Door

**FIBERTRONICS** 

**The WTB-FWM-6102 is a high density wall-mount fiber optic enclosure.**

The unit has 2 adapter panel positions allowing for a wide range of fiber termination connector types. It is equipped with a set of keys that allow access to the network side of the panel. A padlock can be added to the outer door which allows access to the distribution side, maintaining separation and security between the network and distribution sides of the termination panel.

## Product Features

- 2 LGX Adapter Panels
- 1 Slack Spool
- High Density
- Powder Coated
- 1 Outer Door with Padlock Option (Padlock not included)
- 1 Inner Door with Keyed Lock
- Screw Holes on the rear panel
